

Day 2: Tuesday 16/03/2020

Introduction

Workshop 1: Protecting children's data and privacy online - Dr. Maria Terzi, CEO (Malloc ltd) & Dr. Artemis Kontou, Testbeds Manager (KIOS CoE, University of Cyprus)

Mrs Terzi presented the dangers of the Internet and privacy online. How to gain the ability to control who can access information about our private life and activities and how to create and share data on the Internet and mainly about children's privacy online. She shared useful links for teachers to find more information and worksheets to work on with their students. A "kahoot" created game was shared to the partners and the participants of the event.

Short Break

Workshop 2: "Cybersecurity and Cyberbullying", by Ioannis Yerou, Information Security Manager, KIOS Research and Innovation Centre of Excellence, University of Cyprus

Mr Yerou's presentation included information and advice about Cyber security and Cyber bullying. The effects, the tactics and the actions to minimize or stop Cyber bullying.
